Subject: Portland Harbor Cleanup Proposal

Ash Grove Cement Company, we as employees and other businesses have strong concerns that EPA has underestimated both the cost of the project and length of time to complete it. Additionally, I believe EPA is basing these decisions on old data when new, more precise data also is available for consideration.

I'm writing because I want to make sure you know that we want a clean river and that the plan needs to be based on sound science, current data, and with realistic assumptions of the cost required and length of time needed to achieve this goal. Please reevaluate this plan.

Thank you for your time and consideration

Sincerely,

(b) (6)
